

AMITESH GHAREI

ABOUT ME

I am currently an AWS persistent trainee with a diverse background in safety engineering and machine learning. I have completed internships at Rourkela Steel Plant in safety engineering and at Edu Versity in machine learning. In addition to practical experience, I have undertaken various courses to enhance my skills, including web development and Salesforce development from Udemy, as well as cybersecurity and applied ethical hacking from Infosys Springboard. With a solid foundation in Python and a keen interest in data science, I am well-equipped to tackle complex challenges in the tech industry.

WORK EXPERIENCE

ML INTERN

- Developed machine learning models using Python, TensorFlow, and scikit-learn.
- Collaborated with a team of data scientists to analyze and interpret complex data sets.
- Conducted experiments to optimize models, achieving high accuracy.

ROURKELA STEEL PLANT INTERN

- Participated in the development and implementation of safety software solutions.
- Contributed to the optimization of IT systems for better performance and reliability.
- Supported the IT team in daily operations and project-based tasks.

PROJECTS

- AUTOMATIC LISCENCE PLATE DETECTION USING MACHINE LEARNING .
- COVID-19 DETECTION USING NEURAL NETWORKS
- HANDWRITTEN DIGIT RECOGNITION USING ML
- SPAM NEWS DETECTION USING ML
- CAPSTONE PROJECTS (WEB DEVELOPMENT)

AWARDS AND CERTIFICATES

- NCC C CERTIFICATE MACHINE LEARNING INTERNSHIP
- COMPLETION CERT
